

REFERRAL APPRECIATION PROGRAM

At AET Paramedic Academy, we are truly grateful for our many loyal graduates and health care professionals who continue to recommend our training programs to their community. To receive a new student by referral from a previous client is one of the biggest compliments we can possibly receive. As of today we are introducing our PCP Referral Appreciation Program which offers a generous token of our appreciation for each referral who becomes a successful graduate.

Simply put, as a paramedic with a license, if you refer our training school to a colleague, employer, client, business or friend and they become a PCP student, **we will show our gratitude by sending you \$150 when they successfully graduate the PCP program.** It doesn't get any easier than that.

In the PCP Application Form, we ask the prospective student how they heard about our Primary Care Paramedic training. If they provide your name as the referral, we will enter you into our REFERRAL APPRECIATION PROGRAM and let you know that you have been enrolled. After your referral graduates, you will be contacted and asked the best way to get our appreciation gift into your hands.

A sincere thank you to all graduates past, present and future for participating in this new program and being part of our team. We really do appreciate your support in our growth.

Take care,

AET Paramedic Academy Team
